

GOOD NEIGHBORS

In June 1996, Rising Sun Chapter, now known as Nassau Chapter, held its first big neighborhood events on New York's Long Island. Picnics and barbecues were held throughout the area in local parks. The success of these gatherings and the ensuing monthly neighborhood meetings generated much enthusiasm among the members to reorganize accordingly. Last month, Nassau Chapter used its leadership workshop to make the final reorganization announcements. The workshop itself had something for everyone with lots of audience participation and discussions on teams and partners, goal-setting and leadership. — *Julia Carpenter, correspondent*
