

A FIRST FOR OGDEN YOUTH

Ogden, Utah, youth had a successful commemorative meeting for the first time with nine youth participating. (Usually, we drive to Salt Lake City for meetings.) Women's division members supported with food and other refreshments and the one men's division member who attended led a roaring sutra recitation.

A short discussion meeting was held during which the youth studied guidance of SGI President Ikeda and then watched the movie *There's Something About Mary*. We had a great time and will be holding our next meeting on April 11. It is my goal to help put together some form of a musical band in the near future.
